

"ON, GOLDEN POND"

Marble Arch Productions/IPC/20th Century Fox

A sensitive story of an older couple's summer days on "Golden Pond", a New England hide-away charged with memories of former days when youth, laughter, and family prominence were the accepted way of life. The story captures the essence of the compelling beauty of a natural lake and the secrets it holds for bringing new life to its aging residents. Adapted from the play "On Golden Pond" which had a successful run on Broadway.
